

Half the fun of decorating [new homes in Eagle ID](#) is coming up with new ways to show off your decorating style. You might think the bathroom is just a utilitarian space, but there are lots of ways to make it feel unique and spa-like. One way is to display your towels as decorative accents rather than stashing them away in a cupboard.

For the best effect, start with plush towels in a color that coordinates with your bathroom décor. Then try one of these clever ideas to display them:

Coat hooks

This is the most casual look, ideal for a farmhouse-style bathroom. Attach three or four decorative hooks to a piece of antique wood, then mount it securely on the wall.

Open shelving

Display all your towels at once on open shelves. You can stack or roll the towels and use all one color or alternate colors for a more colorful effect.

Unique towel bar

If you like the industrial look, try a section of plumbing pipe with elbows for a towel bar. For a nod to nature, try a length of sturdy bamboo mounted on wooden brackets.

Curio cabinet

To display your towels while still keeping them enclosed, try a glass-sided curio cabinet. Just remember that a humid bathroom is not the place for fine furniture.

Brighton Homes builds brand new homes with spacious bathrooms you'll love to decorate. Our Homestead community in Eagle ID offers country-style living with walking and biking paths, tree-lined streets, a park, a swimming pool, a pavilion, and green spaces. Additional nearby recreational opportunities include Eagle Island State Park and the Boise River.

We offer 30 customizable floor plans in Homestead. They range from 2,125 square feet with 3 bedrooms and 2 baths to 3,685 square feet with 5 bedrooms and 3 baths.
