

The Arbor community of [homes in Nampa ID](#) can help you take advantage of all that the Treasure Valley has to offer.

Nampa is one of the region's most popular towns. Boise is only 20 miles to the east via I-84, and Meridian is only six miles away. Plenty of nearby shopping, dining and medical services are within a short drive of the Arbor community.

Recreational opportunities in Nampa include two city-owned golf courses: Centennial Golf Course and Ridgecrest Golf Club. Nampa Recreation Center has six swimming pools, a walking track, three gyms, a weight room, racquetball court, climbing wall and more. There are also 24 parks in the city.

You don't have to leave Arbor to enjoy physical activity, though. The community has two swimming pools, a clubhouse, walking paths, playgrounds and green spaces. Parents will appreciate the community's location next to Desert Springs Elementary and Sage Valley Middle School.

We offer modern farmhouse and urban home designs in Arbor. Floor plans range from just under 1,500 square feet to 2,500 square feet. One or two story designs are available, with three or four bedrooms, two baths and two or three car garages. You can choose plans with integral front-load or rear garages or freestanding rear garages.

Timberstone is a one-story, 1,560 square foot home with 3 bedrooms, 2 baths, and a two-car garage. This design is offered with either a farmhouse-style board and batten front elevation with brick accents or a Prairie-style brick exterior with stone accents. Both versions have a dormer and recessed entry.

The family room is a great place to enjoy the seasons with large windows looking out into the back yard. Access to the back patio is just a few steps away in the dining area. The private owner's suite lets you retreat from the bustle of family life. Two additional bedrooms are on either side of a full bath.

If you're looking for a larger home with plenty of flex space, consider the Fairview, a 2,500 square foot, two story home with four bedrooms, 2.5 baths and a three-car garage. This home has a den on the first floor and a media room on the second level. All bedrooms are on the second floor.
