

With so many great home designs available in the Pinnacle community of [homes in Meridian ID](#), it can sometimes be hard to pick the one you want to build. That's one reason we have model homes in each of our communities. Touring a real-life house lets you see firsthand what it looks and feels like. Our models are also stocked with samples of materials and other components to help you design your ultimate home.

Our model in Pinnacle is [The Whitetail](#). This single-story home has 3 bedrooms, 2 baths, and a 2-car garage. At 2,125 square feet, this design is appropriate for a range of households from singles to families.

The Whitetail's open-concept family room is enhanced with a fireplace flanked by built-in shelving and enclosed storage. Large windows bring in light and offer a view of the backyard and patio. The dining area and primary bedroom both have doors to the patio. The closet in the primary suite has direct access to the laundry room, which also opens to the mud room off the garage. Two additional bedrooms, a den, and a full bath are aligned along a semi-private hallway on the opposite side of the house.

Like all Brighton homes, The Whitetail is 100% Energy Star certified. It features Bosch appliances, low-E windows, and natural hardwood floors. Options include an extension on the den and a 3-car garage.

We invite you to tour the Whitetail model in Pinnacle. The home is located at 6612 S Zenith Ave, Meridian ID 83642. Staffed hours are Tuesday through Thursday from 1-5 p.m., Friday from 11 a.m.-5 p.m., and Saturday from 10 a.m.-5 p.m.
