

Brighton has opened a new model home in the Century Farm community of [homes in Meridian ID](#). You can find us in our brand new Ballybunion floor plan home at 3621 E Murchuson Street. In-person visits are available now. You can also schedule a virtual meeting via Zoom, FaceTime or online chat.

[The Ballybunion](#) floor plan is a 2,880 square foot Energy Star certified home. It has 4 bedrooms, 2 baths and a 3 car garage. Several stylish elevations are available for this spacious two story home.

Inside, you'll find plenty of space for the whole family. There's a first floor den plus a flex room that could be an ideal home office. Bosch kitchen appliances and a fireplace in family room are just two of the highlights of this plan. It also has a mud room, spacious pantry and a half bath just off the garage entrance. The back patio is an ideal place to enjoy warm summer evenings or outdoor dinners. On the second floor, the bedrooms are complemented by two full baths, a media room and laundry.

We build the Ballybunion at Century Farm, Bainbridge and Homestead in South Meridian.

Century Farm is your retreat from the busy world with two swimming pools, two playgrounds and park-like common areas. Walking paths take you to the brand new Hillsdale Park within the community, as well as to the new YMCA, Hillsdale Elementary school, the community barn and playgrounds. Residents can enjoy picnics in the community pavilion or borrow books from the on-site tiny library.

We have a large selection of floor plans to choose from in Century Farm. Each plan has its own customizable features. You'll also choose from a wide selection of design details to finish the interior. Your home will be a unique expression of you.

Brighton Homes is building now with completion dates scheduled throughout 2020. Buy your new home now and you'll also be able to lock in the current low mortgage rates!
