

One of the ways Brighton Homes distinguishes itself as a premier [home builder in Meridian ID](#) is through our innovative home designs. We tap into the features and styles that are most popular with today's homebuyers. At the same time, we apply proven energy efficiency and timeless construction techniques to create homes that will last more than a lifetime.

We serve a wide range of buyers, but some of our most in-demand home designs are those created for growing families. A great example of this is our [Marquette home plan](#). This two-story home has 4 bedrooms, 2.5 baths, and 3 car garage. At 2,445 square feet, it has plenty of room for flex spaces including a first-floor den and second-floor media room. There's also an option for an office on the first floor.

We've also incorporated more closet space than you'd see in an average home because we know storage space is a priority for busy households. The Marquette has a large walk-in pantry that's easily accessible from both the kitchen and garage. For even more help keeping things organized, there's a mud room to stash shoes, boots, backpacks, and more.

When it's time to relax, the family room has a fireplace for cozy fall and winter gatherings. The front porch and back patio are great places to sit and enjoy the outdoors.

All bedrooms in the Marquette are on the second floor. The primary bedroom is separated from the others and features a bath with a double sink vanity, tub, and shower. Three secondary bedrooms share a full bath with a dressing area that has two sinks. The laundry room is also on the second floor. The Marquette is available in a choice of 2 different exterior elevations.

We can build a Marquette floor plan home for you in the Pinnacle or Quartet communities in Meridian ID.

When complete, Pinnacle will be an amazing development with a town center, a community building, parks, an amphitheater, swimming pools, walking paths, playgrounds, and schools. Pricing for new homes in Pinnacle will start in the \$600s. For more information about this community, call Janita McWhite today at 208-917-4874.

Quartet is located in North Meridian. This new community features large lots, a swimming pool, walking paths, and green spaces. Homes in Quartet start in the \$600s. Call Jamie Nosek at 208-917-4869 for more information about building a new home in this community.

Call Janita or Jamie today and get started on your dream home with a premier [home builder in Meridian ID](#).
